South Shore Clean Cities to host 5th Annual Clean Air Golf Outing

Event supports nonprofit's sustainable transportation, energy efforts

CROWN POINT -- Registration is now open for the South Shore Clean Cities 5th Annual Clean Air Golf Outing, representatives announced Tuesday.

"We're excited to once again gather with our members, partners and friends for our annual golf outing," South Shore Clean Cities Executive Director Carl Lisek said. "Regular attendees look forward each year to a great day full of fun on the golf course while networking with like-minded professionals from around Northern Indiana who are dedicated to driving the future of clean transportation forward."

The 5th Annual Clean Air Golf Outing will take place from 10:30 a.m. to 6 p.m. Sept. 19, 2017 at River Pointe Country Club, 6700 Country Club Road in Hobart, Indiana, with a shotgun start at noon. The \$100 registration fee includes green and cart fees, lunch, dinner, two beverage tickets and two raffle entries as well as hole-in-one and other prize opportunities.

Raffle prizes include a variety of exciting options generously donated for the event, including sports memorabilia and game tickets, museum packages, restaurant and brewery gift packages and more. Skins and mulligans will also be available for purchase as well.

Non-golfers are welcome to attend the 5 p.m. dinner portion only for a fee of \$30.

A variety of electric vehicles will be on display at the golf outing as well. The vehicles are being presented in collaboration with the Midwest EVOLVE (Electric Vehicle Opportunities: Learning, eVents, Experience) project, a three-year effort aimed at demonstrating the performance and environmental benefits of plug-in electric vehicles through showcases, ride and drives and other events. South Shore Clean Cities is a partner on the seven-state project with seven other Clean Cities coalitions and the American Lung Association of the Upper Midwest. Learn more about Midwest EVOLVE and other South Shore Clean Cities-related events at www.midwestevolve.org.

South Shore Clean Cities is a nonprofit organization under the U.S. Department of Energy's Clean Cities program designed to reduce petroleum consumption and support U.S. energy security by

advancing the use of clean fuels and vehicles, idle reduction technologies, hybrid electric vehicles, fuel blends and fuel economy while supporting American jobs.

Proceeds from the event fuel programs that advance South Shore Clean Cities mission, including funding to assist with the expansion of our internship programs for local students. Due to South Shore Clean Cities nonprofit status, registration fees and sponsorships may be tax deductible.

The 5th Annual Clean Air Golf Outing is sponsored in part by Ozinga, Best Equipment, Roush CleanTech, Family Express, Midwest Wind & Solar and the Indiana Corn Marketing Council. A variety of sponsorship opportunities are still available starting at just \$200 and include a host of perks.

Registration is due by Sept. 12. Registration and sponsorship forms are available online at www.southshorecleancities.org. For more information, please contact Catherine Yoder at (219) 644-3690 or cyoder@southshorecleancities.org.
