- Residential Curbside Service

# Waste and Recycling Services

- Commercial Front Load

# Waste and Recycling Services

- Industrial Roll Off

# Waste and Recycling Services

- Tractor Trailer Service

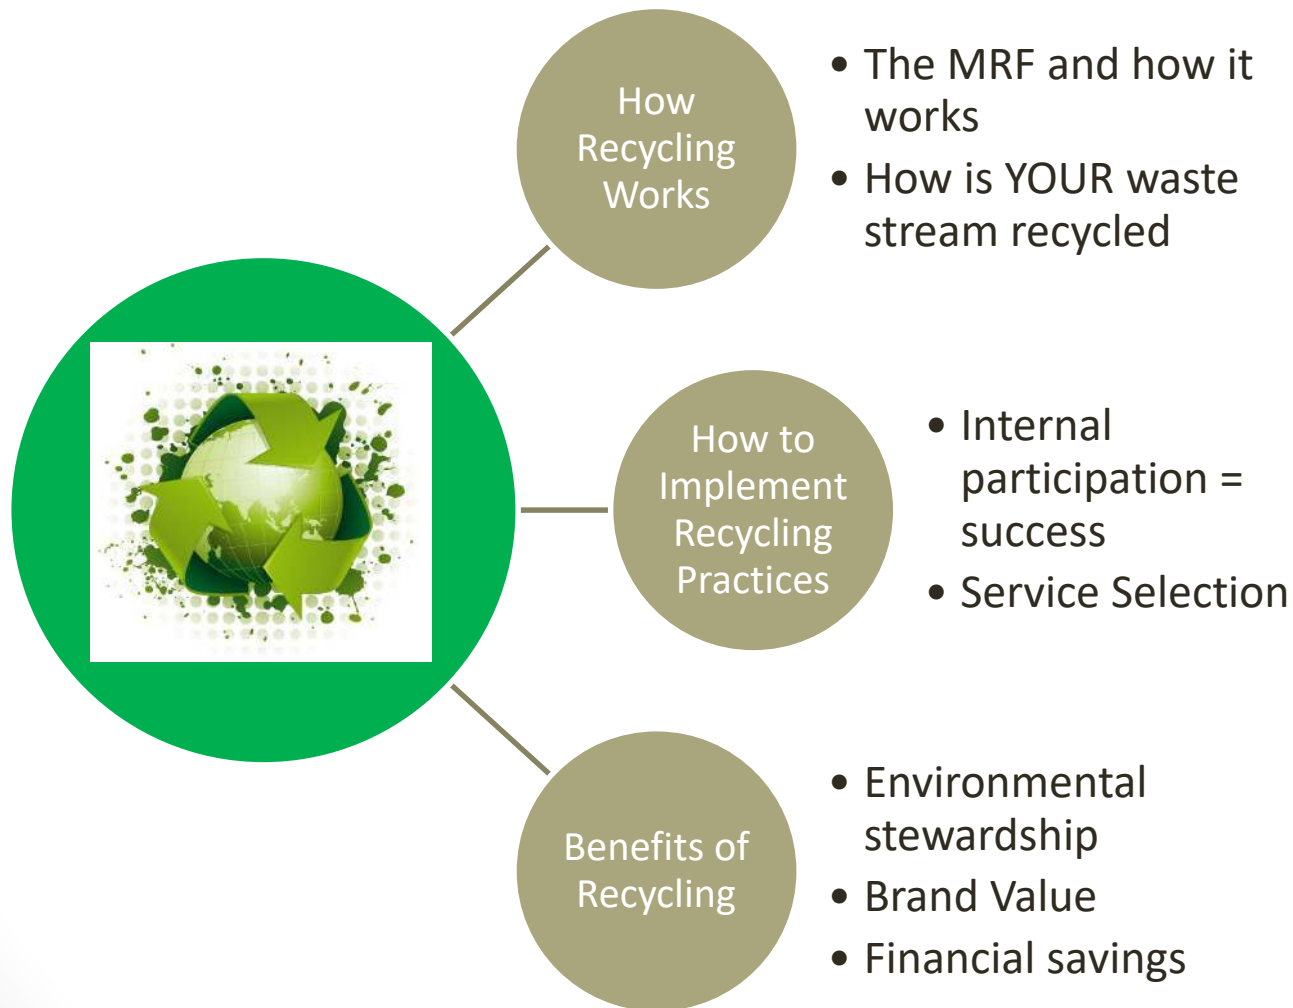

# Certified Document Destruction

- Confidential Document Destruction and Recycling

# Presentation Overview

# How Recycling Works

- 2 Types of Recycling Streams
  - Single Stream Recycling
  - Source Separated Recycling

# How Recycling Works

- **Single Stream Recycling**

- MRF: Material Recycling Facility
  - Optical Sorting
    - Plastics: milk jugs, water bottles
  - Mechanical Sorting
    - 2D objects: Newspaper, office paper
  - Magnetic Sorting
    - Ferrous metals
    - Eddy current repulsion
  - Hand Sorting
    - Cardboard and Residue

# How Recycling Works

- **Source Separated Recycling**
  - High volume of one commodity
    - Corrugated cardboard
    - Clear plastic packaging film

# How Recycling Works

# How to Implement Recycling Practices

- Step 1: Decide which type of recycling would be best for your business
  - Source Separated or Single Stream
- Step 2: Identify what percentage of your waste material is recyclable
- Step 3: Request the proper amount or recycling service to fit your recycling volume
  - Commercial front load (size and frequency of pick up)
  - Industrial roll off
  - Compaction equipment and trailer

# How to Implement Recycling Service

- **Internal Participation = Success**

- Designate internal containers that are easily accessible and identifiable
  - Color coding containers with acceptable items posted on front
- Post instructions throughout your facilities
- Broadcast the initiative to create awareness and “buy in”
  - Recycling program kick off
  - Goals and rewards possibly. Dependent on company culture

# Benefits of Recycling

- Environmental Impact
- Financial Savings
  - Cost per ton analysis
- Brand Value
- Employee retention, respect, engagement
