

University of Notre Dame

Sustainable Strategy

Notre Dame has obligation to be leaders in sustainability:

USGBC LEED process selected for credibility

Goal for silver rating for new construction projects

Follow LEED best practices for all renovation projects

Campus is known for sustainable construction practices

Commitment to cease burning coal by 2020

14 certified buildings since 2010 (11-gold, 3-silver)

11 new buildings in design/construction phase

LEED v4 has notable challenges in the rating system
