

South Shore Clean Cities, Crown Point, Indiana – Spring Intern Position

South Shore Clean Cities (SSCC) is seeking internship candidates for the spring semester through the U.S. Department of Energy's Clean Cities University Workforce Development Program. The paid intern may begin immediately and will work 15-20 hours per week for 14 weeks in our Crown Point, Indiana office. Stipends range from \$2,520-\$4,200 depending on academic classification and number of hours assigned.

We are seeking a qualified candidate who is a junior, senior or advanced degree student, however all applicants are welcome. Many past internships have led to permanent positions.

The Clean Cities University Workforce Development Program (CCUWDP) is an initiative of Clean Cities, a government-industry partnership sponsored by the U.S. Department of Energy's Vehicle Technologies Program. Clean Cities strives to reduce petroleum consumption in the transportation sector in nearly 100 regions across the country. Since the creation of the CCUWDP in 2010, Clean Cities has hosted more than 300 interns in more than 60 Coalitions.

The Clean Cities internship will give students studying business, engineering, environmental sciences or similar disciplines the opportunity to grow public awareness and expand the markets of advanced vehicle technologies, alternative fuels and practices that reduce the consumption of petroleum in Indiana. Former student interns have participated in research, outreach activities, public education, K-12 outreach, fleet events and a vast array of transportation-related environmental projects.

This position is multi-faceted with many different tasks and focuses. Below is a list of some of those tasks:

- Engage with our members on a weekly basis
- Develop and coordinate events
- Assist with reports and collecting data
- Assist in day-to-day administrative tasks
- Research articles and topics related to the transportation sector and specifically alternative fuels
- Support staff in the development of coalition growth

Interested candidates may contact South Shore Clean Cities Project Manager Ryan Lisek at (219) 644-3690 or rlisek@southshorecleancities.org.
